

ATE

White Paper v0.1

About

Can't one coin do many things that can be done with a coin?

ATE was chosen as the starting point from these concerns.

Break away from centralization and aim to run freely as each person wants from what they want.

ATE's vision brings order to the blockchain, proving what a united and powerful community can achieve.

Roadmap

As small things are done one by one, the white paper is filled,
A big roadmap will be completed.

More updates coming soon!
